# TORX® SCREWDRIVERS

## Fixed Torx® Screwdrivers

Torx® screws have become common in today's work environment because of their ability to be tamper resistant. They allow for higher torque and they don't have a camout effect. As Torx® fasteners have grown in popularity in the automotive, industrial and construction markets we saw a need for a quality product that you can depend on to get the job done.

### ACETATE HANDLES

The durable acetate handle provides a comfortable and secure grip which allows for easy use.

### TORX® BIT

Precision machined for exact fit and superior grip of Torx® screws.

### STORAGE POUCH

Comes in a sturdy pouch that keeps screwdrivers organized, secure and ready for use.
